### **COUNCIL REPORTS.**

John Farley reported he liked the police department summary in the packet. Work by the old Land Office looks good as well as the new sidewalk.

Ted Hunter reports he has only heard one negative report on the Main Street Project, but all the others are positive reports.

Lawrence Dickinson reported that it seems that the Main Street Project is going well.

### **MAYOR’S REPORT.**

Reminder that the LKM Leadership Conference is coming up.

### **CITY MANAGER’S REPORT.**

Main Street Project – City put in conduit behind the curb to allow for new electrical for street lights and future fiber.

Nuisances – Moving forward with nuisances, working on a different process.

Sports Complex – Next meeting we will be reviewing the bids for the courts, lighting and shade structure.

11<sup>th</sup> Street Sidewalk – Developing plans to address the lack of good-street crossing in the area.

Picnic Tables – Two alumni classes purchased picnic tables to place at John Brown Park.

Council Retreat, Planning Session – Proposes having the meeting on April 30<sup>th</sup> at the Ernie Miller Nature Center.

Water and Sewer Rates – April 28<sup>th</sup> meeting will discuss rate changes.

**PRESENTATIONS.** None

**PUBLIC HEARINGS.** None

**UNFINISHED BUSINESS.**

**ORDINANCE – SERIES 2016-A.G.O. REFUNDING AND IMPROVEMENT BONDS.** Dave Arteberry, with George K. Baum, provided information to the council on the favorable rates received on the bonds. Reported that the refunding will save the City over \$1 million through refinancing. He also reported that the City receiving its first Bond Rating from Moody's was helpful in securing very favorable rates. The City's rating was A3 which is the same as the USD 367's last rating. **Motion** made by Maichel, seconded by Hampson to pass the Ordinance – Series 2016-A.G.O. Refunding and Improvement Bonds. Yeas: All.

**RESOLUTION – FORM AND DETAILS FOR ISSUANCE OF G.O. SERIES 2016-A BONDS.** **Motion** made by Maichel, seconded by Hampson to pass the Resolution – Form and Details for Issuance of G.O. Series 2016-A Bonds. Yeas: All.

**RESOLUTION – SET HEARING DATE FOR CONDEMNATION OF SELECTED PROPERTIES.** City Manager Cawby explained the Council needed to pass the resolution to set the hearing for the nine (9) properties that were discussed at the March 24<sup>th</sup> meeting so the condemnation process can proceed. After passage, the owners will be provided official notice of the date. **Motion** made by Dickinson, seconded by LaDuex to Approve the Resolution and set the Hearing Date of June 23<sup>rd</sup>. Yeas: All.

**UPDATE ON CITY AUDITORIUM REPAIRS.** City Manager, Don Cawby, updated the Council on the problems with the auditorium and plans to repair the both facades.

**NEW BUSINESS.**

BIDS – CDBG SPECIAL ROUND – SPORTS COMPLEX COURTS AND SHADE STRUCTURE. Bids were opened for the sports complex, with the low bid requiring over \$60,000 out of pocket from the school. Staff recommends that the Council reject the bids, subject to approval from the Department of Commerce. **Motion** made by Maichel, seconded by Dickinson to Reject the Bids Subject to Approval from the Department of Commerce. Yeas: All.

DISCUSS PROPOSED NEW WATER & SEWER RATES. City Manager Cawby discussed options for water and sewer rates with the council. Explained that the increases passed for 2015 did not generate the revenue expected, because of low water consumption and because of the manner in which the City bills for sewer consumption. No action taken at this time, will bring back to the agenda in a couple weeks.

COUNCIL SCHOLARSHIP. Council decided to do one (1) scholarship for \$400.

**COUNCIL REPORTS.**

Karen LaDuex wanted to remind council that the Arbor Day park clean up would be April 30<sup>th</sup>.

Lawrence Dickinson reported that he has seen the new curbing being poured on the Main Street project.

Tamara Maichel shared two stories she had heard regarding the Main Street project: 1. That the trash truck sunk and 2. Kids are playing ball in the street.

**MAYOR’S REPORT.** None

**CITY MANAGER’S REPORT.**

Summarized the planning session that would be held this Saturday, April 30<sup>th</sup>.

**EXECUTIVE SESSION.** None

**OTHER DISCUSSION/MOTIONS.**

**Motion** made by LaDuex, seconded by Hampson to adjourn. Yeas: All. Council President Hunter declared the meeting adjourned at 8:02 p.m.

/s/ Ashley Kobe  
Ashley Kobe, Deputy City Clerk

Olathe, Kansas. **April 30, 2016.** A Special Council Meeting was held at Ernie Miller Nature Center, 900 K-7 Highway, Olathe, Kansas, at 9:00 a.m. for the purposes of conducting a Worksession on the following issues:

## STAFF AGENDA MEMORANDUM

**DATE OF MEETING:** May 12, 2016

**AGENDA ITEM:** **Proposed Water and Sewer Rates**

**PRESENTER:** Don Cawby, City Manager

**ISSUE SUMMARY:** In November 2014, the City Council did a fairly extensive review of water and sewer rates in advance of increased operating costs coming in 2015 and beyond. In December 2014, the Council enacted water and sewer rate increases intended to generate approximately \$140,000 of annual increased revenue for between the two funds.

**Sewer Rate Increase.** The proposed new rates for 2015 were expected to raise about \$60,000 per year, or an increase of 8.0 percent. The actual increase that was realized was \$30,000, or about 3.5 percent. When reviewing the reason for this shortfall a couple of items came to light.

First, the City has been applying the winter average to all accounts, not just residential accounts. I believe that not to be the standard practice among sewer providers and upon a review of our peer cities, we were the only City to have that policy.

Second, staff was applying a strict reading of the fee table and not charging any usage for a new customer that didn't have usage for a winter average. Again, I do not believe this to be a standard practice. In my experience most cities charge for actual usage until a winter average is established.

Since the estimates for 2015 were based on assumptions to the contrary, I recalculated the difference based on actual data. The impact of the two calculation assumptions had an impact of approximately \$21,500 on collections. Also, I discovered that we approved a base rate of \$28.25 but an error in the fee table truncated the amount and only \$28.00 has been billed as a base rate since. That error accounted for another \$4,500 in lost revenue. This leaves about \$4,000 of the shortfall for 2015 as a result of less than expected water usage. A large portion of that usage reduction easily attributed to the reduction in usage by the state hospital.

For the 2016 budget, we expected to increase collections for 2016 by \$70,000 over the 2014 actual budget. After collections fell short for 2015, it was believed that record low water consumption was a

large part of the issue. Now after a complete examination, we believe that it is necessary to fix the calculation issues as well increase rates by another \$24,000 (2.8%) annually.

The proposed rate change to accommodate this would be:

Sewer Rates	Current	Proposed
Monthly user charge	\$5.00	\$5.00
Monthly net capital charge	\$23.00	\$23.25
Minimum monthly charge (user charge + net capital charge)	\$28.00 per meter	\$28.25 per meter
Volume charge per 100 gallons of metered water	\$0.27 per 100 gallons	\$0.29 per 100 gallons

The impact of the rate increase with the calculation fixes will be to increase revenues by \$45,000 (5.3%) annually. By making these changes for the last six months of 2016, it will help provide six months of actual experience of the impact of using actual data for commercial users. With a rise in costs for usage, we expect to see some curtailed usage or moves to dedicated water meters for those with landscaping and sprinkler systems.

Finally, we recommend that when no usage history exists for residential customers that the sewer usage is based upon 4,000 gallons of usage per customer. Obviously this will be higher than actual usage for some and lower than actual for others, but the alternative of charging actual usage may keep some new home owners from working on lawns and landscaping in the first year. Furthermore, this is an approach similar to two other peer cities and is preferable to using an average of the first two months of usage. This approach also avoids some complicated billing system changes and tracking for staff.

Attached is a sheet which compares our water and sewer rates to our peer communities for comparison purposes. It shows that we are just about in the middle on rates with our peers (5<sup>th</sup> highest of 8). Our base rate is the highest, but the usage charge is considerably less than our peers. As usage goes up, our rate compares better to our peers.

**Water Rates.** The 2015 rate increase was expected to generate an estimated \$80,000 in additional revenue for the Water Fund in 2015. However, because of a historically wet year and cool summer in 2015, the resulting reduction in water usage was approximately 13% (26 million gallons) from our most recently high consumption year in 2012. The reduction from expected usage created only a net \$17,000 increase in collections (all a result of sales to rural water districts) instead of the needed \$80,000.

The shortage of \$63,000 is hoped to be a one-time anomaly, but the reality is that rate increases are needed because the operating budget is still operating at a deficit, even before the City takes on another \$65,000 in debt payments for the Main Street water project. In order to keep making improvements to the system internally, the deficit needs to be stabilized, the balances built up, and at least \$65,000 in new revenues created to cover already obligated debt payments. In order to generate the additional annual revenue we believe that it is necessary to increase rates by \$65,000 (7.9%) annually.

The proposed rate change to accommodate this would be:

<b>Water Rates</b>	<b>Current</b>	<b>New Proposed</b>
Residential		
Meter Charge	\$9.50	\$10.50
Rate per 100 gallons)	\$0.42	\$0.45
Commercial		
Meter Charge	\$9.50	\$10.50
Up to 75,000 gallons (rate per 100 gallons)	\$0.42	\$0.45
Over 75,000 gal. (rate per 100 gal.)	\$0.34	\$0.36
Top rate increases every January by \$0.02 until even with bottom rate	Yes	Yes
Wholesale (State Hospital & Rural Water Districts)		
Meter Charge	\$25.00	\$26.00
Charge per thousand gallons	\$2.90	\$3.10
Bulk Water Sales (per 100 gallons)	\$0.55	\$0.58

We also recommend making these changes for the last six months of 2016, to shore up the losses in the fund in 2015 and lackluster sales so far in 2016. The result of making the mid-year change would be an additional \$32,500 for the current year.

The hope is that usage will rebound and revenues will increase to somewhere around average sales levels for the past 10 years. The fund has been able to sustain one bad sales year, but two in a row, without rate increases, could dig a hole that will be hard to recover from without major increase. This instability, coupled with planning to begin on a long-term solution to water treatment, is the reason we recommend taking swift action on water rates at this time.

**Combined Impact and Peer Comparisons.** Attached is a sheet which compares our proposed water and sewer rates to our peer communities. Also attached is a sheet which shows the combined impact of the water and sewer rate increases. Even after these changes, the City of Osawatomie still has one of the lowest water rates. Our peers have all had rate increases over the past couple of years which has helped us to maintain our combined water and sewer bill as the second lowest among our peers and the lowest, by far (around 25% lower), of our Miami County peers.

**COUNCIL ACTION NEEDED:** Review and consider adoption of the fee resolution.

**STAFF RECOMMENDATION TO COUNCIL:** Approve the resolution as presented, which adopts the new rates effective for the bill due in July 2016, and makes a few technical corrections to the fee table.

## STAFF AGENDA MEMORANDUM

**DATE OF MEETING:** May 12, 2016

**AGENDA ITEM:** City Hall Space

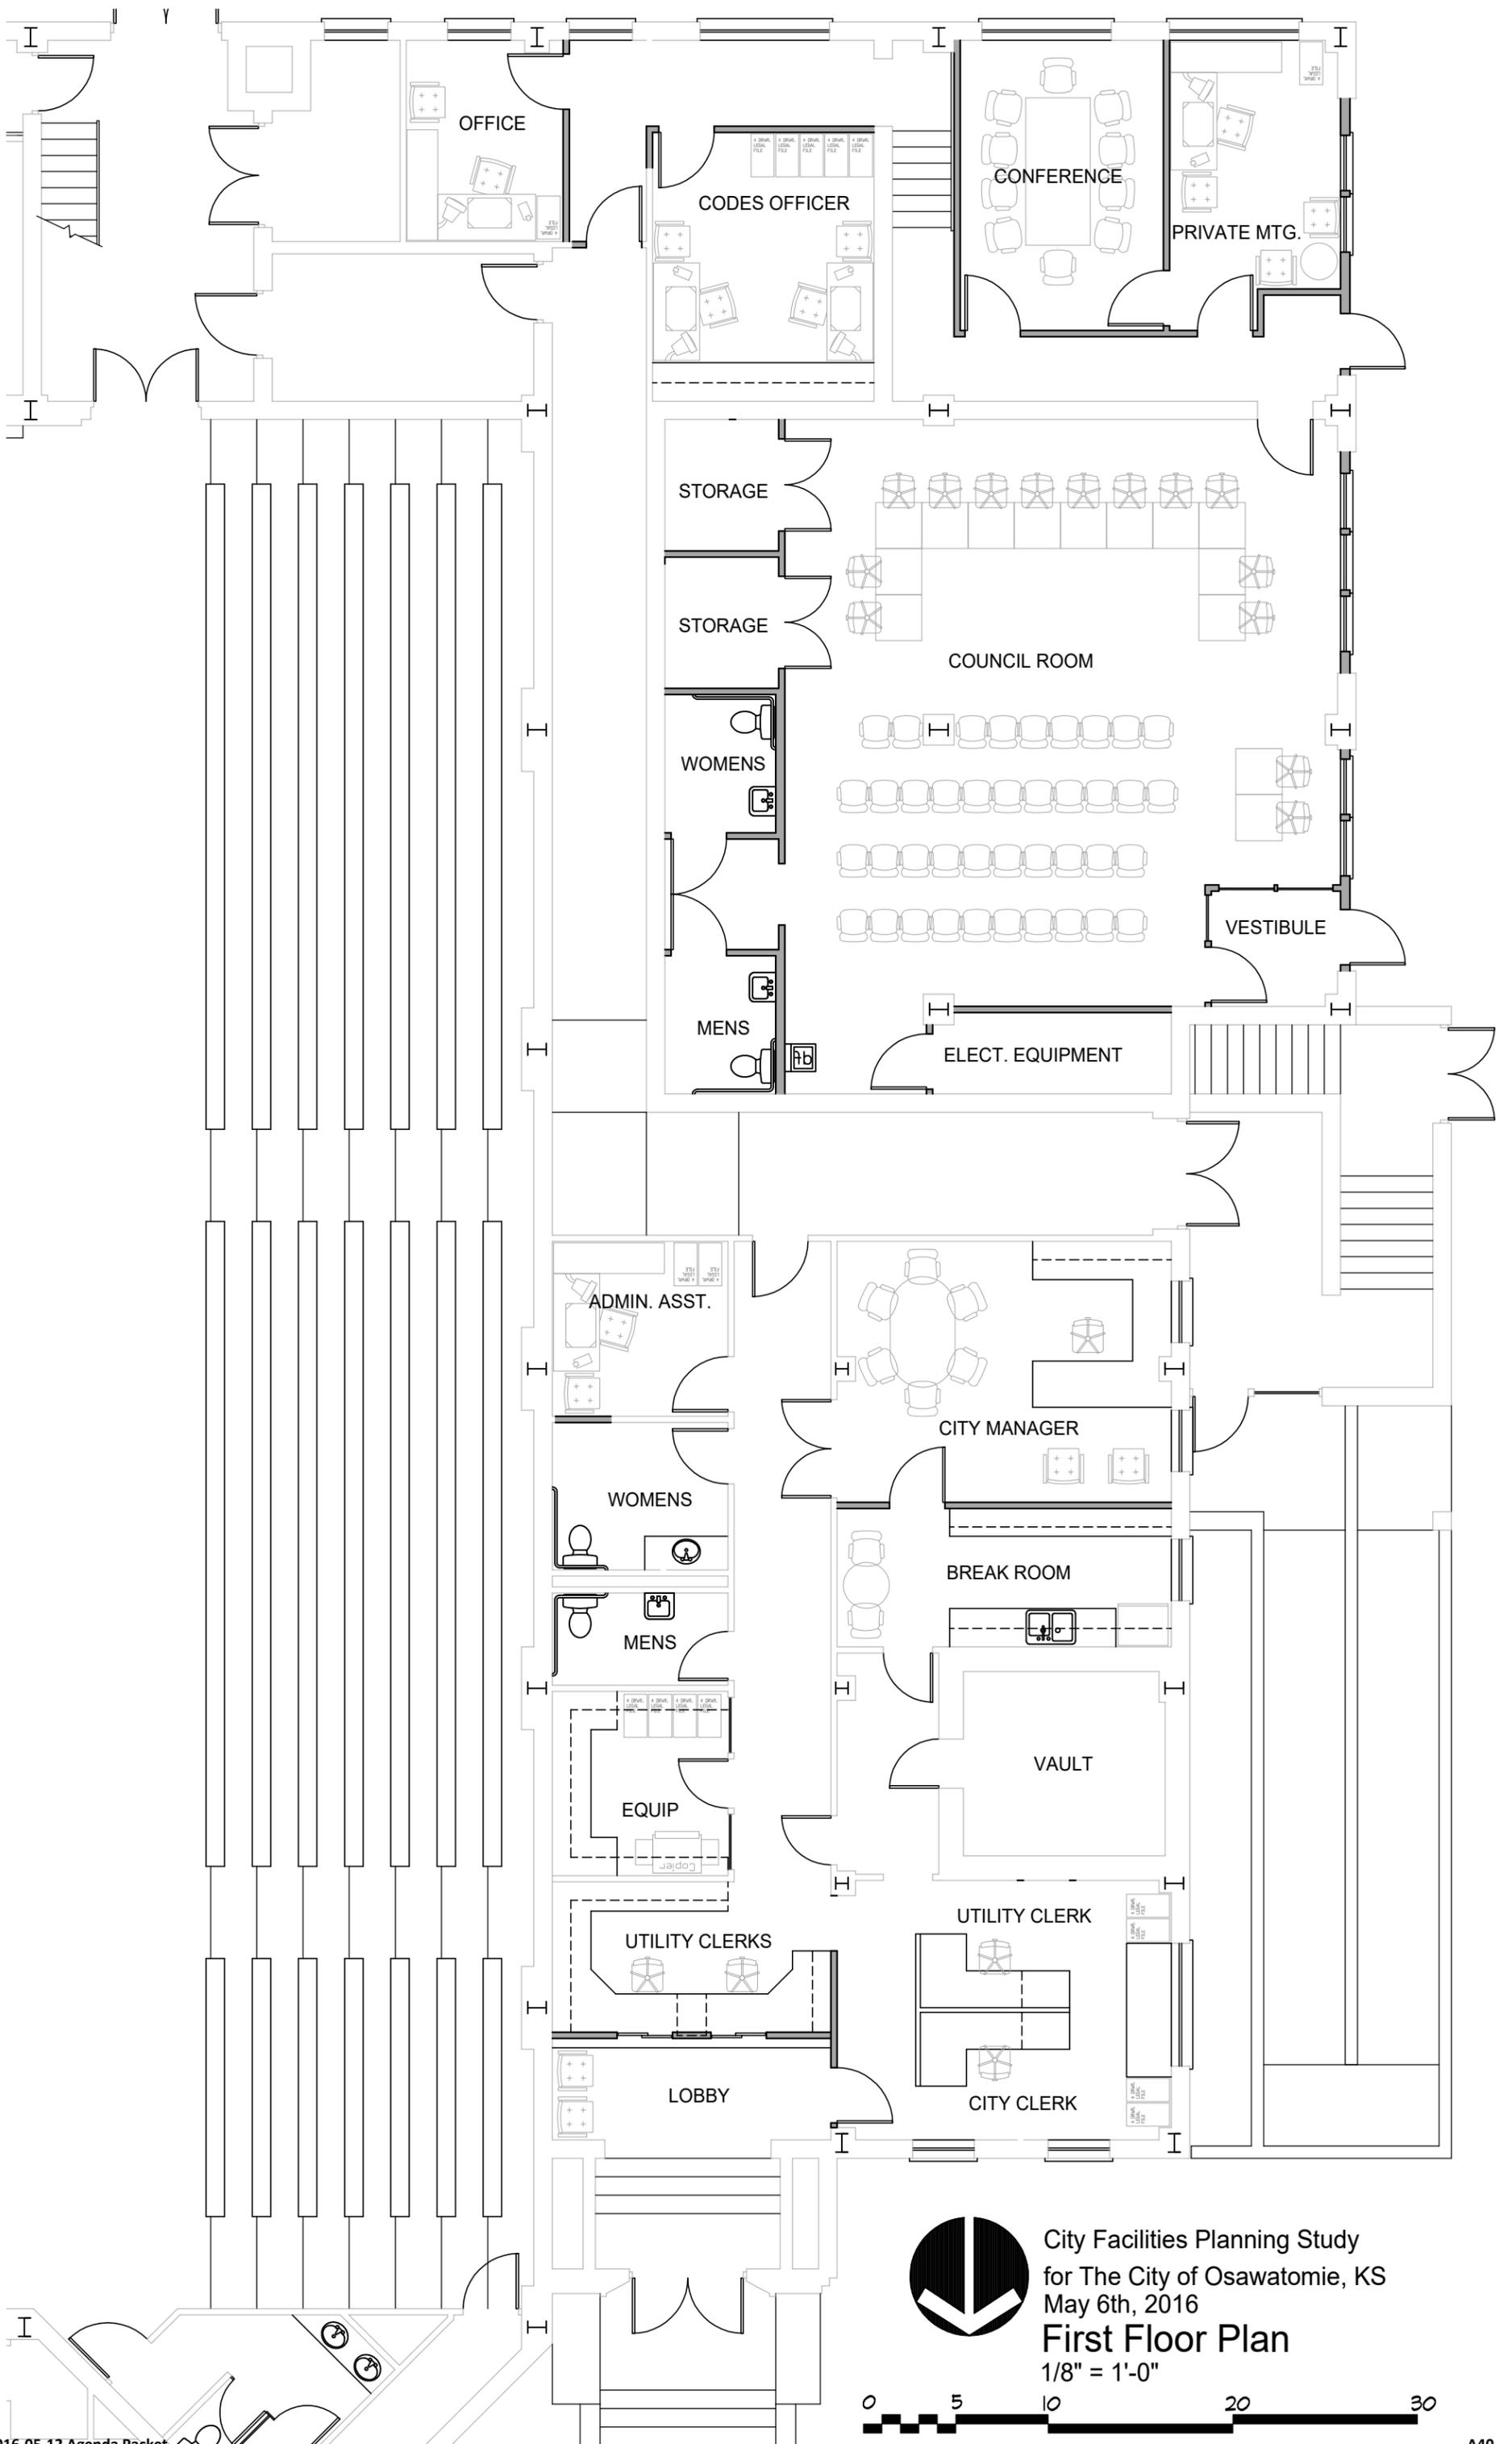

**PRESENTER:** Don Cawby, City Manager

**ISSUE SUMMARY:** About a month ago we engaged an architect, Rick Zingre, to help us with some planning and review of our internal space plans. Rick developed a large scale project for City Hall in 2005 and also has designed the renovations for the City Halls at both Paola and Louisburg, as well as the Paola Library addition. Attached is a conceptual plan, based on staff conversations and ideas for the conversion of the old PD space and some renovations to the front of City Hall to “harden” the entrance for future changes in state gun laws.

Before we have Rick spend a lot of time developing estimates and getting us construction plans, I wanted to make sure I got your feedback on the direction of these plans.

**COUNCIL ACTION NEEDED:** Review the enclosed conceptual layout.

**STAFF RECOMMENDATION TO COUNCIL:** Review and provide feedback to staff.
